

FORWARD

These three chapters, The Old Testament Soul, New Testament Soul and The New Covenant are just a portion of this book titled 'DECEPTION.'

The Catholic Protestant world religious organization have deceived the many from the time that both groups came upon the world stage.

The Protestant group grew out of disagreeing with the Catholic church. While it is apparent that one can point to many good things that have come from both groups but on the other hand they have taught many biblical subjects deceitfully and caused most of the world of Christianity to believe as truth many biblical doctrines that are false.

It is so important that mankind understand what our great God has said about the SOUL. Does God say in His word that He wrote, that man is a SOUL or that man has a SOUL?

This awakening could go right to the heart of whether a man has redemption or not.

The other subjects covered in these three chapters give understanding of how we have all been deceived by the Catholic Protestant world church.
